

# DRIVE SAFELY ON OUR RURAL ROADS

## SET THE STANDARD

Your driving reflects our company and our commitment to taking care of the communities we're operating in. It's important that we set a high standard when it comes to driving safely and we're all playing our part.

POOR AVERAGE **GOOD**

## STICK TO THE LIMIT

Rural roads hold many unforeseen hazards, take it easy, drive to the conditions and don't get caught out.

## SHARE THE ROAD

Rural roads can be small and narrow. If there's not enough room for two vehicles to pass or it's a bit tight, slow down and be sure to move as far left as possible, while keeping yourself safe.

## LIVESTOCK

If you come across livestock, remember to lower your speed and be patient. If a farmer is around, look to them for guidance.

## SAY HI

A quick smile and a friendly wave can make a world of difference - don't forget to say hi!

## CYCLISTS AND CHILDREN

Be considerate of all road users. Ensure you give cyclists enough room and slow down around schools and other areas children may be present.

### NO HEAVY VEHICLES DURING SCHOOL BUS TIMES

Ohanga/Inland North Roads (MHW E) .....7.30-8am & 3.30-4pm
